

## HeraEasy

**Even richer  
and more versatile**

Powerful suction of solids  
and liquids  
Air cleaning  
Steam cleaning  
Instant drying  
Professional ironing  
Functional and compact design  
Advanced manual refill  
Made in Italy

### TECHNICAL DATA

Suction: **2400 MM**  
Motor power: **1200 WATT**  
Dimensions: **37 X 30 X 41 CM**  
Steam pressure: **4,5 BAR**

Boiler power: **1900 WATT**  
Boiler volume: **1,6 L**  
Refilling system: **ADVANCED  
MANUAL**

Steam ready: **7 MIN**  
Water filter capacity: **5,5 L**

The entire range is exclusively made in Italy, in full respect of EC directives, with Italian components, to ensure maximum reliability, efficiency and durability.

**Genuine Made in Italy.**

# HeraEasy

the  
practical  
and  
ecological  
cleaning

**MAXIMA**  
MADE IN ITALY

**A new machine for practical and ecological cleaning for optimum hygiene on all surfaces.**  
**The use of water as the main element makes it a really safe and ecological machine.**

A really ecological, easy-to-use machine with a range of accessories for all your domestic hygiene needs. If necessary, Hera Easy turns into a powerful steam iron.

As it is small, it can be manoeuvred and transported easily and can be kept anywhere. New compact and functional design. Designed and built entirely in Italy.

### AIR CLEANING CYCLE

#### 1\_Suction

Unhealthy air and dust are sucked up and conveyed inside the machine.

#### 2\_First filtering

Unhealthy air is subjected to a first filtering using water.

#### 3\_Filtering with separator

A second filtering operation is then carried out by the exclusive "molecular separator" that manages to intercept and reject even the smallest particles.

#### 4\_Output of clean air

These two natural filters expel healthy, clean and perfumed air.

### EASY SYSTEM

#### Improved manual refilling:

When the water in the boiler is finished, by using new software, the residual pressure can be completely eliminated and the cap opened immediately without the risk of steam leaking out.

### supplied

Steam lance adapter

Extensions

Tank filling bottle

Multifunction brush

Handle with hose

150-mm opening

Wiper

### on request

Extendable hose

Electric carpet cleaner

Iron

Steaming turbobrush

Transparent nozzle

Turbo carpet cleaner

Degreaser

Natural essential oils

Vaporiser

the practical and ecological cleaning

### STEAM GENERATION

The boiler is one of the main components of the machine, steam is created inside it. Limescale is the boiler's main enemy, Maxima uses technology designed to help reduce the risk of clogging and malfunction.

#### 1. Stainless Steel

#### 2. Resistance
